The Association of Sewing and Design Professionals is on an annual dues billing cycle. Renewal dues are paid every December for the following year. In order for new members to become a part of the annual cycle, first time members are to pay a prorated dues amount when applying for membership. Please look at the chart below and choose the current month and the type of membership you are applying for. That will be the dues you owe at this time. If you are joining in October, November or December you will pay the following year's dues when you register because the dues invoices for all members have already been issued. If you are joining in any other month, you will be billed again in the fall of your first year for a full year's dues for the next year. Chapter dues are not prorated. Use the amount stated with each chapter's name above.
